Pledge of Allegiance: Councilman Heward

Adoption of Agenda as finalized.

**Motion**-Councilman Heward

**Seconded**-Councilman Woolley

**Motion Carried**

Bear Hollow Subdivision

- Mayor Devin Simpson asked the Town Council to be thinking about what the Town wants to do regarding the water and sewer services for the Bear Hollow Subdivision and bring a plan of action to the next Council Meeting scheduled March 20, 2019. Simpson stated that Rural Water had given three suggestions. 1-The Town does nothing which would then make the Town liable and would mean the Town is accepting the waterlines. 2-The Town installs a master meter at the property line and contract with the Bear Hollow Subdivision to be their billing service and bill each homeowner individually for their usage. 3-install a master meter and bill the subdivision as a whole. Mayor Simpson added that the homeowners are the victims in this case, and that they had no idea what they were getting and just assumed that they were part of the Town of Thayne water system when they purchased their homes. Mayor Simpson would like the Town to make a decision in two weeks at the March Town Council Meeting.

Budget:

- Discussion on 2019/2020 Budget

Motion to Adjourn
